WHAT IF... We can't hire the FUTURE?

Our world, as we know it, is rapidly being replaced by AI. Up to 800 million jobs worldwide could be lost to this technology by 2030.

The AI takeover is also expected to compromise up to 85 million jobs in 2025 and by 2028, up to 28 million Southeast Asian workers from the region's six largest economies could be made obsolete due to AI. This not only poses a new threat for employees, but also for employers to find the right AI talents to harness these capabilities.

The digital skills gap between available talents and industry needs is stifling growth, hindering innovation, and creating a critical barrier to progress for businesses and individuals alike.

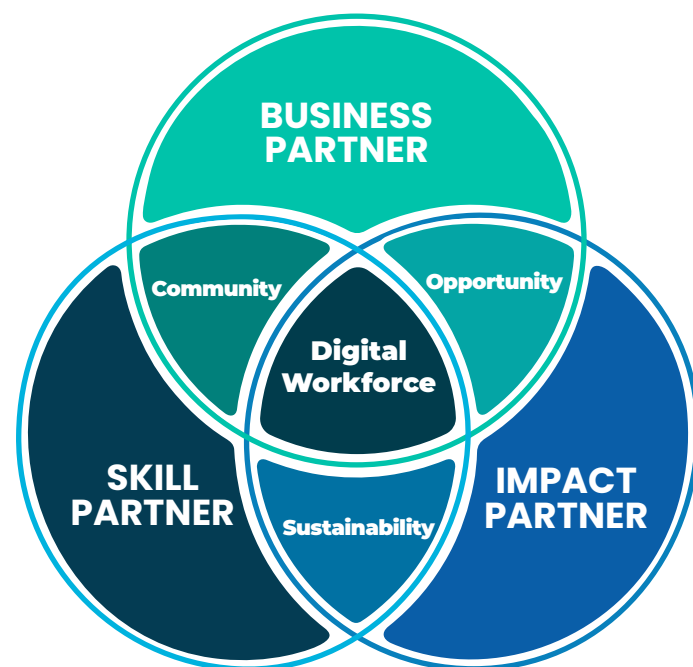

Our vision is to transform
10 million lives

CxO SYNERGY

The CxO Synergy is Build a Future Team strategic initiative to equip C-suite leaders with the foresight, knowledge, and collaborative networks necessary to navigate the complexities of the future workforce and drive effective digital workforce transformation.

OUR VISION

The CxO Synergy by Build a Future Team, is dedicated to bridging the digital skills gap. Our vision is to transform 10 million lives into an employable, future-ready digital workforce, led by visionary leaders.

OUR COLLABORATION MODEL

COLLABORATION

Our partners are integral to our success. They include:

- **Skill Partners:** Ensuring upskilling and reskilling programmes align with future job requirements.
- **Impact partners:** Guiding investments and shaping policies to where they're most impactful.
- **Business partners:** Opening pathways for the digitally skilled workforce we cultivate.

LEAD

Build a Future Team brings together an unparalleled network of thought leaders and decision makers, which includes:

- **Industry leaders:** Providing foresight into market demands and emerging skill needs.
- **Educational innovators:** Designing and delivering cutting-edge and relevant upskilling and reskilling needs.
- **Policy makers:** Shaping supportive frameworks for workforce development.
- **Community advocates:** Nurture leaders that promote inclusivity and positively impact communities.

TRANSFORM

We leverage our public-private partnership model to put ourselves to the next level sustainably. Our transformation model includes:

- **Reduce social inequality:** Our plan is to impact 10 million lives to ensure sustainable economic growth.
- **Providing quality education:** Sponsor in-demand digital skill programmes to socioeconomically disadvantaged students.
- **Improving livelihood:** Providing job placement opportunities to upskilled talents, thus reducing poverty.

Join us today in building a future team so we can build the digital workforce of tomorrow!
